- The volume of transactions during the year, including investment buys/sells, dividend/distribution receipts, contributions, pension/SLS payments etc.

Asset classes	≤ 2	3 - 4	≥ 5
Transactions	< 50	50-200	> 200
Fee (exc GST)	\$490	\$650	\$820

*Variations to scheduled fees:

Occasional circumstances may arise where the level of audit work required may fall outside that allowed for in the above fees. Such circumstances may include a fund which engages in active or speculative share trading, has complex related-party structures, multiple direct real estate holdings, limited recourse borrowing arrangements, or otherwise has very high levels of transactions or investment structures. We will provide a quote for any fund that does not match the standard profiles indicated above. Out of pocket costs such as title search fees for real estate properties will be charged in addition to the above scale amounts. Where compliance issues or breaches that involve additional audit work are encountered, you will be made aware of these issues and the work will be charged at our normal hourly rates.
